

Assessment sessions lay out and structure

All assessments will require assessments to be completed electronically or in hard form as part of the assessment process. We need to understand your adaptive functioning, mood, and other psychometrics to make an informed diagnosis or assessment. Those unable to complete the assessments online can do these on the day.

Minimum candidate numbers for an assessment workshop are two for the cognitive assessments and three for the autism diagnostic assessments. The assessment day can be a mix of both cognitive and diagnostic assessments. A non-refundable deposit is required to secure your assessment block. With advanced notice the fee may be waived (by negotiation) however in most cases (less than 24 hours notice) the cancellation fee will stand.

Day 1

Cognitive Assessment	Client	Time	Autism Diagnostic Assessment	Client	Time
Clinical Interview	Client 1	0800-0900	Clinical Interview	Client 1	0800-0930
Cognitive assessment	Client 1	0930-1100	Diagnostic assessment	Client 1	0930-1030
Clinical Interview	Client 2	1130-1230	Clinical Interview	Client 2	1100-1230
Cognitive assessment	Client 2	1300-1430	Diagnostic assessment	Client 2	1300-1400
Clinical Interview	Client 3	1630-1730	Clinical Interview	Client 3	1400-1530
Cognitive assessment	Client 3	1730-1900	Diagnostic assessment	Client 3	1530-1630
			Clinical Interview	Client 4	1630-1800
			Diagnostic assessment	Client 4	1800-1900

Assessment workshops will typically run Thursday to Sunday but on some occasions, Monday to Saturday may be available.
